City Manager, Wayne Pyle, indicated even though it was unusual to have discussions such as this item on the Regular Meeting Agenda, the scheduled business had been light and discussion regarding updated chapters of the General Plan had been rescheduled several times due to time constraints at past Study Meetings.

Upon direction of City Manager, Wayne Pyle, information was presented by respective staff members, summarized as follows:

CED Director, Joseph Moore, introduced and discussed background information regarding the process and commitment to update the City's General Plan. Mr. Moore stated staff had debated regarding how best to involve the Council and concluded that distributing each chapter prior to the Study Meeting at which it would be discussed would be the best approach.
